*Filing Date Granted*

Applicant is given **TWO MONTHS FROM THE DATE OF THIS NOTICE** within which to file the items indicated below to avoid abandonment. Extensions of time may be obtained under the provisions of 37 CFR 1.136(a).

- This application clearly fails to comply with the requirements of 37 CFR. 1.821-1.825. Applicant's attention is directed to the final rulemaking notice published at 55 FR 18230 (May 1, 1990), and 1114 OG 29 (May 15, 1990). If the effective filing date is on or after September 8, 2000, see the final rulemaking notice published in the Federal Register at 65 FR 54604 (September 8, 2000) and 1238 OG 145 (September 19, 2000). Dear Sir:

This is in response to the Notice To Comply With Requirements For Patent Applications Containing Nucleotide Sequence And/Or Amino Acid Sequence Disclosures dated April 13, 2004 (copy enclosed).

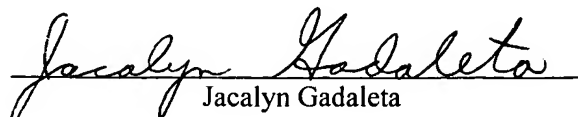

This application is a continuation, and contains the sequence listing, of U.S. Application Serial No. 09/379,888 entitled Arrays Using Crosslinkable Immobilized Nucleic Acids, filed August 23, 1999, Art Unit 1637, now U.S. Patent No. 6,696,246B1, issued February 24, 2004 (parent application). The parent application also contained a computer readable form (CRF) of the sequence listing. Applicants request that said CRF be used in the instant application.

The sequence listing provided in paper form herewith for the present application is identical to the sequence listing in the above-identified parent application and contains no new matter.

In lieu of filing a duplicate CRF, Applicants' reference herein to the CRF of the parent application and their request to use the same in the instant application, satisfies the requirements of 37 CFR 1.821(e) obviating the need for filing a CFR in the instant application.

I hereby certify that this Notice To Comply With Requirements For Patent Applications Containing Nucleotide Sequence And/Or Amino Acid Sequence Disclosures is being deposited with the United States Postal Service with sufficient postage as first class mail on the date indicated above and is addressed to Mail Stop Missing Parts, Commissioner for Patents, PO Box 1450, Alexandria, VA 22313-1450.

Date: April 19, 2004

Since the Notice to Comply does not indicate the requirement for any fee, no fee is enclosed herewith.

Respectfully submitted,
